Dear Dr. Tsang,

I am pleased to hear that you are considering offering a baccalaureate degree in Interaction Design at Santa Monica College. We in media marketing and design industry are experiencing a profound need for more individuals with expertise in this area. We also believe that a baccalaureate level of education is necessary to adequately prepare students for jobs in this area of interplay amongst design, user experience, and technology. I support your proposal with enthusiasm and look forward to meeting your graduates as soon as possible!
