Dear Dr. Tsang,

I am pleased to hear that you are considering offering a baccalaureate degree in Interaction Design at Santa Monica College.

As a technology executive who has worked in the Santa Monica area for over 25 years, I can attest to the need for such a program. With its location at the heart of the "Tech Coast", SMC is the perfect place from which to launch the next generation of technology design professionals. The demand for talented, well-educated designers is only going to grow and this program is poised to meet that need.

I support your proposal with enthusiasm and look forward to meeting your graduates as soon as possible!

With regards,
