

USC General Education Requirements Fall 2023 - Summer 2024

The 2023 - 2024 USC GE is required of all students who started college Summer 2015 or later. This includes students who took college classes prior to high school graduation. Students that started college before Summer 2015 must use the GE Pattern for the year they enrolled in college.

Transfer Requirements: There are six Core Literacy categories, in which eight courses are required. All students must complete one course in each of the Arts, Life Sciences, Physical Sciences, and Quantitative Reasoning, and two courses in each of Humanistic Inquiry and Social Analysis. Several of these requirements can be met with approved transfer courses, but all students must complete at least two Core Literacy classes (in Categories GE-A through GE-F) at USC. All General Education courses at USC carry four units of credit. To be eligible for transfer, a course taken at another institution must be articulated for a minimum of 2 and 2/3 units of USC credit, with an earned grade of C minus or higher.

Once a student begins enrollment at USC, all general education Core Literacy requirements must be met with courses taken at USC. The Global Perspective requirements may be met with approved transfer courses taken over the summer after enrolling at USC. Transfer students who began college elsewhere before Fall 2015 should consult the USC catalogue for information about their general education requirements at USC.

Transfer students are not required to complete a General Education Seminar (GESM).

Students may view approved transfer courses on the USC Office of Articulation website located at: www.usc.edu/transferecredit.
