

hunger: not impossible

- WHAT:** SMC Foundation is partnering with Venice-based social incubator **Not Impossible Labs** to pilot a food scholarship program in conjunction with SMC students who utilize the weekly drive-thru food pantry program.
- WHEN:** The four-week long pilot program will start the week of August 24th and conclude the week of September 14th. Up to 300 students may enroll as long as they are registered for fall semester. Each will receive up to 6 healthy choice meals per week.
- COST:** \$7 max per meal. SMCF will provide food scholarships to the pilot group of students.
- PICK-UP:** This is a pick-up only service and acts just like a to go order. Students do not have to provide a credit card at any point. The order is placed using Hunger Not Impossible's platform (licensing agreement with Postmates).
- WIFI:** No need. This is a text-based program, not an APP.
- HOW:** Students will receive the attached one-sheet when they arrive at the drive-thru. Students can opt in/out at any point.
